

# 100% Czech Republic

## BOHEMIAN WORKS

Manufacturer of solid oak flooring with an extraordinary look and exceptional quality. We also produce unique custom made tables, libraries and kitchens. All products are manufactured to our customers' specific requirements, with meticulous attention to detail and quality.

## BROKIS

Brokis was founded by a group of visionaries who have dedicated their lives to the production of fine lighting fixtures. The company's experience with producing high quality glass and supporting designers from all over the world has given birth to a line of handmade contemporary lamps.

## GOLD CRYSTAL

Gold-Crystal s.r.o. produces primarily manual decorated crystal glass products designated both for interior adornment, everyday use - also traditional and modern chandeliers. We are able to produce various shapes and decore according to customer's requests. The originality and the quality put Gold-Crystal s.r.o. on the most prominent crystal glass manufacturer in Czech Republic.

## HELENA DARBUJANOVA

Design is not about the latest materials, perfect stitching and trendy colours... Design is something that allows an individual (women?) to bring their dreams to life.

## LASVIT

The Czech based Lasvit Group, founded in 2007, designs and manufactures innovative Bohemian crystal and glass lighting experiences. With 10 international offices Lasvit operates in Asia, Middle East, Europe, USA and Brazil. The company's founder, Leon Jakimic, created Lasvit with a single vision – to re-invent the world renowned craft and quality of Bohemian crystal and glass design through ground breaking innovation in design and execution.

## **LUGI**

LUGI is a Czech furniture maker that produces complete custom interior solutions and a curated collection of furniture and interior accessories. LUGI co-operates internationally with a range of renowned developers, architects and designers to create products and interiors that represent a lasting value through their perfect quality and clean timeless aesthetics.

## **MEDUSE DESIGN**

MEDUSE DESIGN is a trade and manufacturing company of shisha pipes based in the Czech Republic. The aim is to provide demanding customers with an unforgettable experience achieved by the unique detail, sensitive design, perfect quality and exclusivity of handmade products (especially bohemian glass), along with elements of playfulness and interaction. The production philosophy is based on the innovative integration of traditional handicrafts with the latest hi-tech manufacturing technologies and techniques.

## **MMCITE**

We are really pleased that our design is directed towards something as interesting as urban areas. We can offer all citizens fine quality and influence their taste without any exclusivity. For mmcité, making street furniture is nothing less than a cultural mission. We can change the face of cities by installing just a few small elements.

## **MMINTERIER**

mminterier focuses on the production of upholstered furniture for public and home interiors. Products of the company were included in the prestigious annual Hall of Fame published by Red Dot Design Museum in Essen.

Their extensive production programme includes tens of models, which are characterized by simplicity, clear elegance, and variability. During the development of its products mminterier cooperates not only with many excellent Czech designers, such as Jiri Pelcl, Radim Babak, Rene Sulc, Jan Ctvrtnik or Jerry Koza, but also with students of Academy of Arts, Architecture and Design in Prague. Using refined shape solutions, and quality materials creates timeless furniture design.

## **PLASTIA**

The Plastia company was founded in 1993 on principles of the best traditions of European family entrepreneurship. The main division focuses on design and production of a wide range for home and garden. There are an emphasis on original and functional design variability of product brands and a real respect for everything living.

## **PRECIOSA LIGHTING**

Preciosa Lighting is an international manufacturer and distributor of custom-made lighting designs and luxurious residential fixtures from Czech Republic. Production is based on centuries-old traditional craftsmanship, which we are constantly improving by incorporating the latest technologies. Our company is based in Europe but spans the globe through its worldwide distribution offices.

## **TON**

We are a Czech joint stock company building on traditional arts and crafts with the application of new trends in the furniture-making industry at the same time, with a lot of trends being initiated by us. Our products won a lot of awards, for instance the Red Dot and the Interior Innovation Award and they are exported to more than 60 countries worldwide.
